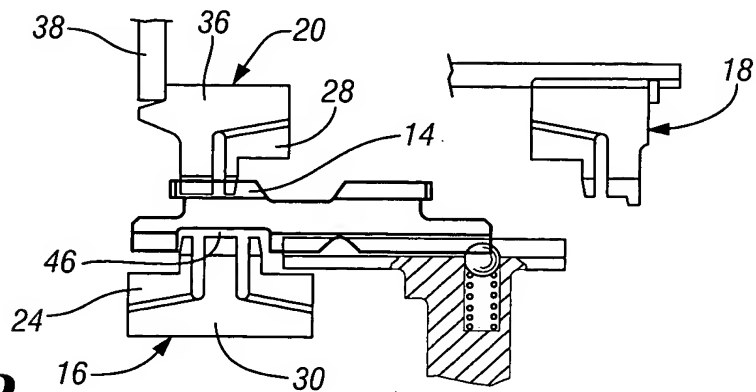

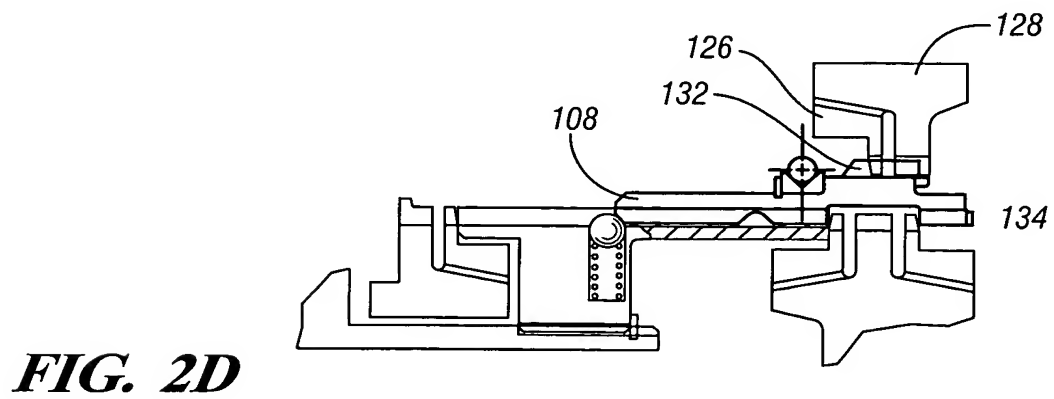

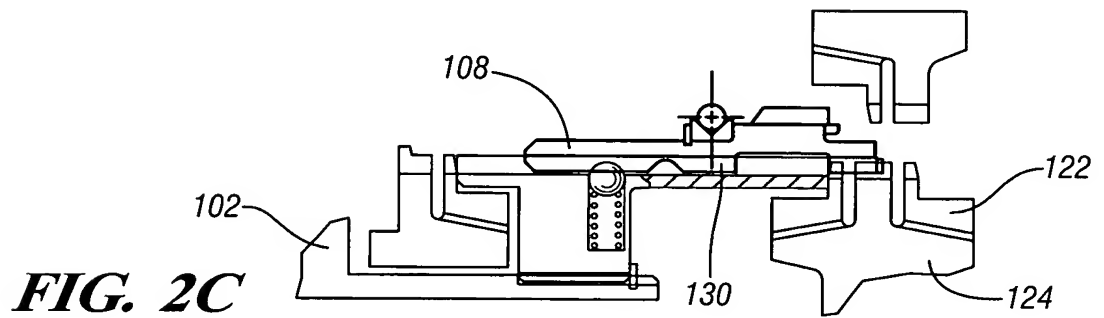

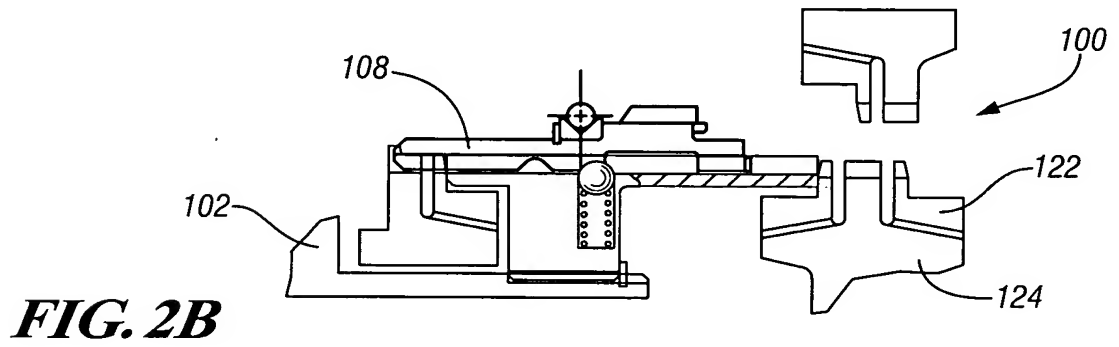

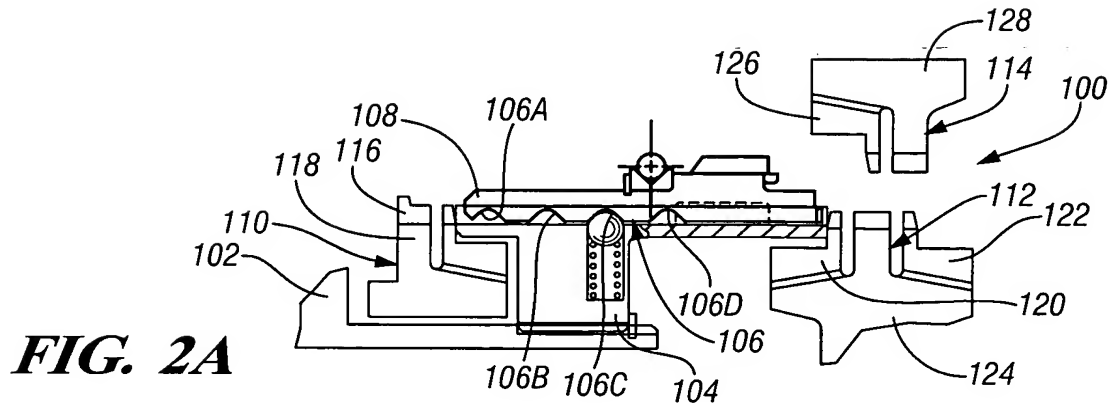

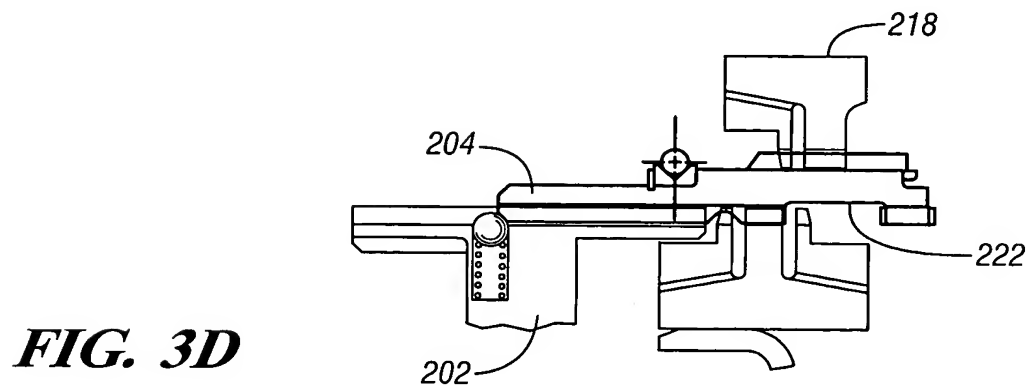

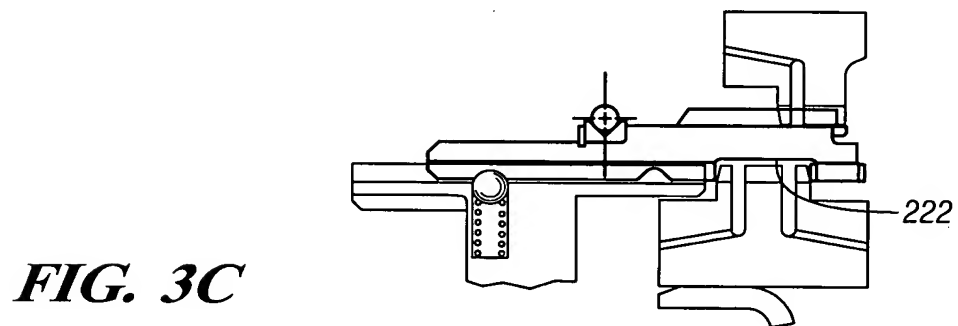

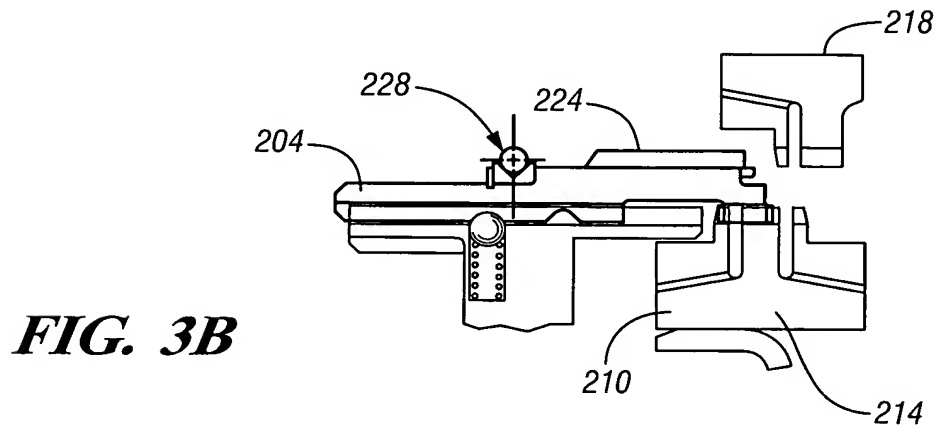

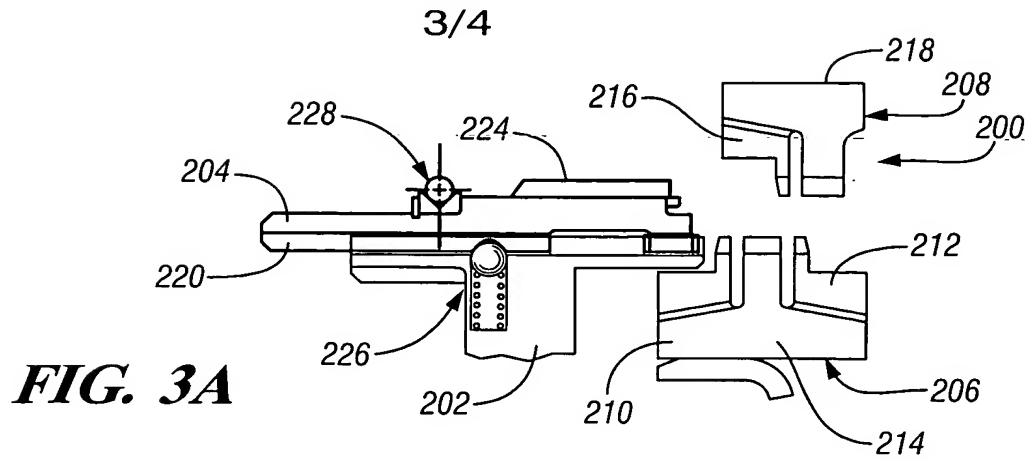

FIG. 1D

2/4

A cross-sectional view of a multi-layered structure, labeled 300. The structure consists of several layers. A central layer is hatched with diagonal lines. Above this central layer is a layer with a central protrusion. Below the central hatched layer is another layer with a central protrusion. The entire structure is flanked by two side layers. An arrow points from the label 300 to the central hatched layer.
